

W G & B MANUFACTURING PTY LTD

DESIGNED, REFINED & MANUFACTURED IN AUSTRALIA TO MEET OUR CLIENTS' NEEDS

The Aylett Super Propane Burnishers continue to be refined in design and constantly improved to meet the highest performance standards and operator needs.

As a local manufacturer, W G & B Manufacturing is committed to import replacement and an export program.

Its range of three Aylett burnishers are well accepted in the marketplace as very reliable and proven performers with major contractors nationally.

The Aylett manufacturing and design ethos means that all improvements can be implemented on the original machine.

The Aylett range of the SP40, SP53 and SP80 offers the right machine for a variety of application sites. Importantly, all are compact, lightweight for size, and easily transportable.
